

**Remarks:**

Applicants respond without traverse and elect the invention of Group IV as defined by the Examiner, i.e., claims 7-9 drawn to a compound of Formula I or II, and classified in class 540, subclass 519.

Applicants further elect a compound of Formula I and identify the compound of Example 5, 4-(2-methylphenyl)-3a,4,5,9b-tetrahydro-3H-cyclopenta[c]quinoline-8-sulfonamide, as a representative species.

The following claims read on the above-identified compound of Example 5:

- Claim 1 (a method of using the compound);
- Claim 2 (a method of using the compound);
- Claim 3 (pharmaceutical composition containing the compound);
- Claim 4 (pharmaceutical composition containing the compound);
- Claim 5 (a method of using a pharmaceutical composition containing the compound);
- Claim 7 (a genus encompassing the compound);
- Claim 8 (a genus encompassing the compound);
- Claim 9 (the compound);
- Claim 10 (a method of making the compound);
- Claim 11 (a genus encompassing the compound);
- Claim 12 (a genus encompassing the compound);
- Claim 13 (the compound), and
- Claim 14 (pharmaceutical composition containing the compound).

Amendments requested herein introduce no new subject matter or any matter not supported by the application as filed.

Respectfully submitted,

Dated: March 14, 2008
